---

**Aqupharm Swift-Cath & Comfi-Cath Catheters**

*Sharper than J point catheters*

Aqupharm Swift-Cath & Comfi-Cath catheters both have V Point needles which have been proven to be sharper than J Point needles.

**Comfi-Cath PU Polyurethane Catheter**

- Comfi-Cath polyurethane material which softens at body temperature
- Laser polished ‘V’ point 4 bevel needle with silicone lubricant film, for ease of insertion

**Swift-Cath FEP polymer construction for firm, controlled insertion**

**Swift-Cath Fluorinated Ethylene Propylene Catheter**

- Porous radiopaque insert provides consistent flashback and minimises blood exposure
- Translucent hub for flashback visualisation
- Colour coding indicates catheter gauge at a glance
